### **Internship for the international touring exhibition "Handmade in Germany"**

"Handmade in Germany" is an international touring exhibition, which shows masterpieces of the 180 most important German manufactories, artisans and designers. The international exhibition presents a selection of contemporary high-quality products from Germany: hand-made precious objects and design objects - from traditional, world known manufactories to contemporary designers, design studios und artisans. For more information please visit our website: [www.handmade-worldtour.com](http://www.handmade-worldtour.com)

From March 01-05, 2017, „Handmade in Germany“ will be shown in collaboration with the University Museum and Art Gallery (UMAG) in Hongkong. We would like to offer interested students an internship during the time of our exhibition. The intern will gain knowledge and experience in culture- and exhibition management, gain insights into the production process of an exhibition and improve his/her communication skills.

#### **Tasks & responsibilities:**

- assistance in communication before the exhibition
- research of relevant partners/networks for the exhibition
- exhibition coordination with local design networks and partners
- provide general assistance during the exhibition
- provide general assistance during the installation of exhibits
